

Golf Cover Option

By selecting this Travel Insurance option and by paying the appropriate additional premium this Golf Cover Option extends cover to specifically include your golf equipment whilst you are away on an insured trip or holiday, subject to policy terms.

If you are taking your golf clubs and other equipment with you they may not be covered sufficiently under the baggage section of the Able2Travel Travel Insurance policy.

Therefore, this additional option covers you in the event of loss or damage to golf clubs that you own, hire of golf equipment if required, and cover for non-refundable pre-paid green fees, golf equipment hire fees and tuition hire fees.

Benefits	Limits			Excess
